

Greece 7-12

Tuesday, July 14, 2009
8:00 AM

At Pompeii.

The highest point was 4800 ft. The crater was 700 ft deep.

We climbed up Mt. Vesuvius to the crater. This was not as easy as it looks! We walked around the top of the entire crater rim.

Looking at the crater from the rim!

At the Colosseum in Rome, listening to the tour guide.

At the Roman Forum

After the visit to the Monk, Assisi

The castle from which we all repelled!

Martina singing the "crocodrilla" song!

Group photo at Full-On in Assisi

Singing with the children, Salvatore & another child.

Community Service in Assisi. Cutting shapes in clay.

Taking a walk with Simone.

Playing ball with Romeo.
